

PCMD Functions

1. Monitors and evaluates the performance of the DOST and its agencies through the periodic reports of agencies for submission to various oversight agencies and other agencies and the conduct of mid-year performance assessment session with the DOST top officials
2. Provides technical support in the preparation or review and presentation of the annual DOST budget proposals, in cooperation with the Financial and Management Service and the DOST's accomplishments for deliberation by the DBM and the Congress
3. Ensures the development of the Public Investment Program with the corresponding budgetary requirements that are consistent with the policies and strategies of the DOST's Science for the People and the Philippine Development Plan
4. Oversees the development and adoption of the outcome and output performance indicators of DBM's prescribed Program Expenditure Classification (PREXC)
5. Appraisal and endorsement of proposed projects for foreign assistance
